## Annual 47 C.F.R. § 64.2009(e) CPNI Certification

### EB Docket 06-36

Annual 64.2009(e) CPNI Certification for 2011 covering the prior calendar year 2010

1. Date filed: February 15, 2011
2. Name of municipal utility covered by this certification: City of Albany Water, Gas and Light Commission
3. Form 499 Filer ID: 823780
4. Name of signatory: Ronald Skates
5. Title of signatory: Telecommunications/Energy Control Director

I, Ronald Skates, certify that I am an officer of the Albany Water, Gas & Light Commission, a public utility established by City Charter of the City of Albany, Georgia ("Albany") and, acting as an agent of Albany, that I have personal knowledge that Albany has established operating procedures, summarized in the attached statement, that are adequate to ensure compliance with the Federal Communications Commission's rules governing use and disclosure of confidential proprietary network information ("CPNI"), as governed by Section 222 of the Communications Act of 1934, as amended by the Telecommunications Act of 1996, and as set forth in Part 64, Subpart U of the of the Commission's rules, 47 C.F.R. §§ 64.2001 *et seq.*

Albany has not received any customer complaints in the past calendar year concerning unauthorized access to or release of CPNI. Albany does not have any material information with respect to the processes pretexters are using to attempt to access CPNI that is not already a part of the record in the Commission's CC Docket No. 96-115. Albany therefore has not taken any actions in the past year against data brokers, including proceedings instituted or petitions filed by the City of Albany at the Georgia Public Service Commission, the court system or at the Commission. Albany has established procedures to report any breaches to the FBI and United States Secret Service, and it has emphasized in its employee training of the need for vigilance in reasonable measures to discover and protect against pretexting and other unauthorized access to CPNI.
